## EDUCATION

---

- 2014 - Present **Bachelor of Computer Science (Honours) 2018**, Queen's School of Computing
- Recipient of the Queen's University Excellence Scholarship with entrance average of 92.8%

## RELEVANT EXPERIENCE

---

- 2015 - Present **Application Developer**, Twelv
- Work in a team of three developers to develop a social media application
  - Complete programming on the android side of the application using Java language, primarily working on the client-side
  - Released an alpha version of the application in January and currently working to release beta within the upcoming month
- Summer 2015 **Construction Worker**, Delton Inc
- Operated forklifts to transport materials and equipment, and used hand tools to cut and shape materials as per instructions from supervisor
  - Dug trenches, poured concrete, and filled potholes to facilitate the construction process
  - Worked over 50-hour weeks with minimal supervision and learned to operate heavy machinery in a short timespan
- 2013 - 2015 **Software Tester and Quality Assurance**, PYX Software Services
- Found and documented 400+ software defects and reported weekly findings of bugs involving program functionality, output, online screen, and content to software developers
  - Demonstrated a systematic and detail-oriented approach to tasks while adhering to compressed timelines and deadlines
- Summer 2014 **Construction Worker**, DSG
- Worked in a team of three to complete various interior work; including tiles, drywall, painting, framing, and installations
  - Operated forklifts to transport materials and equipment, and used hand tools to cut and shape materials as per instructions from supervisor
  - Labour was team-intensive, working over 30-hour weeks

## EXTRACURRICULAR ACTIVITIES

---

- 2012 - 2014 **President**, Computer Science Club, Cardinal Carter Secondary School
- Founded and led the school's first computer science club
  - Organized and led weekly training sessions during which students learned how to program in various languages; including Java, Python, and CSS
  - Planned and supervised competitions for qualifying members to attend hackathons across Ontario
- 2013 - 2014 **Member**, Knights of Columbus
- Worked along-side fellow team members to organize and run charity events
  - Corresponded with various local and global businesses, obtaining over \$20,000 in sponsorships
  - Assisted the logistics team in creating and following a comprehensive projected budget

## ADDITIONAL ACCOMPLISHMENTS AND INVOLVEMENT

---

- Experience in Java, C, JavaScript, PHP, HTML, CSS, and MySQL
- Participated in Queen's University coding competitions called Coding Jam and College Cup
- Played competitive hockey at a provincial level for 10 consecutive years
